SOCIALLY STRONG: DEVELOPING SOCIAL SKILLS CAMP (GRADES 4 – 7)

\$450.00 (Have psychologist benefit coverage? Claim the camp!)

“A successful social life is immeasurably important to a child’s happiness, health and development...” – Richard Lavoie

For children, navigating their social world can be complex and challenging. Socially Strong offers four intensive mornings of social skills development through research based interventions, group work, and role play. All activities aim to build a foundation of social skills and develop a tool box of strategies that can build confidence and positive interactions in social settings.

Not entering grades 4 – 7 but want in on the action? Email us for details!
