- Our office has been getting question regarding why spring swim lessons and camps are currently no available. Swimming programs and lessons are very popular at our City facilities. However, our current reduced workforce, coupled with a low amount of new applicants, has left a gap in our ability to offer the same amount of swim programs that our customers are accustomed to. We are working hard to rebuild our workforce and ask customers to bear with us while we work to increase our service levels.

Water, Waste & Recycling:

Green Calgary rain barrel sales

With changing weather patterns in Calgary, capturing rainwater can help you, and our community build resiliency during times of hot and dry weather. Made locally with recycled material, Green Calgary rain barrels can be used to water trees, shrubs, lawns and flowers. Rain barrels are \$78 for a limited time with pick-up and delivery options available.

Visit one of Green Calgary's rain barrel sales events between 10 a.m. and 2 p.m. to get yours:

- Saturday, April 29 – IKEA Calgary
- Saturday, May 13 – The Genesis Centre
- Saturday, June 3 – Calgary Horticultural Society
- Saturday, June 10 – Vivo for Healthier Generations

Check greencalgary.org for details on all sales event dates and locations. Join the thousands of Calgarians already using rain barrels. Pre-order yours at greencalgary.org, starting April 1, 2023.

Green Cart Collection Moving to Weekly Schedule

- Starting the week of April 24, 2022, green cart collection will return to its weekly pickup schedule. Green carts are picked up weekly from April to October.
- This seasonal adjustment ensures efficient collection of food and yard waste during the warmer months, when we see an increase in volume of yard waste.
- There's no need to worry about changes to pick up days, or to the blue or black cart frequencies.
- Residents can visit calgary.ca/collection or download the Calgary Garbage Day app to check their schedule and sign up for free reminders.

Safety Reminders For Kids

There have been incidents of a stranger approaching children in our community. This is a gentle reminder to have a discussion with your children on how to stay safe.

1. Walk with others and use the buddy system. There is greater security in numbers.
2. Stay at an arm's reach or more away from strangers.
3. If someone is following you on foot or in a car, go to a place where other people are present. Do not try to hide.
4. If someone in a car should stop and ask for help or directions, do not go near the car.
5. No one should ask you to look for a lost item. If a stranger asks you to help them look for something, run to a safe place.

6. Never go anywhere with someone you do not know (neither in a car, nor on foot).
7. Never take anything from strangers.
8. Inform your parents or another trusted adult about any encounter with a stranger as soon as possible.

City Hall Information

Have you been curious how City Council members vote on certain items? Now you can view Council voting records [here](#). There are multiple filters on the left side where you can select one or more council member, as well as meeting type and keyword searches.

You can also view [Legislative Services \(calgary.ca\)](#) to see “how to get involved”, Council agendas, City bylaw library, Council records and much more.

City Council	<p>Bylaw Ensures Safe and Inclusive Access to City Facilities</p> <p>A <u>good</u> City is a caring City. A <u>great</u> City is also a compassionate and safe City. To succeed as a City, we need to have <u>all</u> members of the community participating. Everybody, including 2SLGBTQIA+, has legislated fundamental Human Rights, as well as the freedom to flourish. This now includes safe access to public events, by way of the Bylaw recently passed by Council in response to protests against such access. Safe access is now ensured, while the right to protest is still preserved, albeit at a prescribed distance. This new Bylaw will save significant City and Police resources which are currently being consumed by the protests.</p> <p>From an economic perspective, the City of Calgary is in an international war for talent – competing with as many as 1,000 jurisdictions for skills. Our future prosperity depends on winning this battle. The people we seek to help us reach our potential share our values. I have worked with two of the largest investment funds in the world, who confirm that how we treat everybody is high on their list of criteria for investment. They recognize the double win – a robust business case coupled with a caring community of people supporting a diverse quality of life.</p> <p>I believe we need to show leadership in safeguarding the rights and wellbeing of all our citizens at any events they choose to hold or attend. I support this new bylaw because I believe it does “strike a balance between respecting the right to protest, and The City providing safe and inclusive access to public services”.</p>
